To Whom It May Concern:

I met Joe Hunter through a Trucker member here at First Baptist Atlanta. At my invitation, Joe spoke to our Sunday evening congregation about his ministry to the truckers. Two of our members worked with Truckstop Ministries in the Atlanta area for quite some time.

Truckstop Ministries holds interdenominational bible studies at truck stops for the drivers who are away from home on Sundays. Some of their locations have daily chaplains available.

I believe this ministry is much needed because it reaches an industry where we as a church are limited. I would like to encourage you to work with Joe and his organization. Our help is needed to make more chapels available to the drivers. Also, prayerfully consider presenting this to your home missions committee.

I know God will give you direction how to become involved with this ministry, and I know He will bless abundantly.

Sincerely,

A handwritten signature in cursive script that reads "Charles F. Stanley".
