To: All Concerned

Subject: Truckstop Ministries, Inc.

I have been a financial supporter of Truckstop Ministries since 1990 and a member of the Board of Directors since 1994. I was attracted to this ministry because it was dedicated to evangelism and the truckers of this country.

I am very satisfied with the integrity, honesty, and character of the leaders of Truckstop Ministries, Inc.. I am talking specifically about Joe and Jan Hunter. The Hunter's founded this ministry in 1981 after working for years as truckers themselves. God has led them to grow this ministry from the single chapel to over fifty chapels today.

I believe this ministry is very much needed in our industry. Our drivers are away from home on a regular basis, which leads to many family problems. They also face temptation with the prostitution, drugs, and alcohol that is easily available to them.

The availability of churches is very limited to our drivers. Truckstop Ministries is able to fill this void by counseling, prayer, teaching and fellowship with our drivers. They also provide a very clear presentation of God's plan of salvation.

I would encourage you to commit to supporting and praying for this ministry. It will help your business, our industry, and most important it will change people's lives.

Sincerely,

A handwritten signature in black ink that reads "Pat Patrick". The signature is written in a cursive style with a large initial "P" and "A".
