Gentlemen:

I have been associated with Reverend Hunter for the past four years. I can attest that he has had a positive affect on those with whom he ministers.

Four years ago Joe Hunter asked if he could hold fellowship services in the lounge on Sundays. These services became so popular Joe rented an office and made it into a chapel.

The chapel provides a facility for counseling and a quiet atmosphere for those who wish to reflect.

I am grateful for the climate Joe Hunter has created, and look forward to our continued association.

Sincerely,

William N Waterstreet
